SYNOPSIS

The cycle of travel with greater continuity of open television, with more than 500 cities visited along almost 600 broadcasts.

International destinations that allow to live unique experiences; Access to historical scenarios of the world, reserved only for the elect; Details hitherto unknown of emblematic places - combined with the incomparable scenery of the most beautiful cities of the planet - are once again the "condiments" that will make each program an unforgettable moment.

Italy, France, the Basque Country, Japan, Los Cabos, San Francisco, Paris, Hong Kong and New Zealand, are some of the countries that have the pleasure of always, always with the hand of Ivan de Pineda.
