NOTICIERO FEDERAL

PARA TODA
ARGENTINA

SYNOPSIS

Almost 20 years ago, Canal 9 of Resistencia committed ourselves to developing a regional television that would be the voice and image of the Argentine northeast. Leaving behind being a mere ?local channel?, to become a provincial reference in Chaco and Corrientes. Today with the satisfaction of that widely accomplished mission and the permanent vocation of nurturing the entire country from the north of Argentina, N9 FEDERAL arrives. In this new stage, N9 FEDERAL will incorporate collaborators in Latin America, the USA and Europe, to closely follow the events that directly or indirectly affect us as a region.
