

CONCURSO VOLVER A ESTAR JUNTOS

SYNOPSIS

A contest that aims to bring you closer to the person that you still haven't been able to see due to the pandemic.

This new contest will be held through Instagram, following a series of steps, such as, for example, following the channel on the social network (@canalvolver), uploading a video to your feed, introducing yourself and saying the person you wish to see again after more than 2 years of pandemic, filling out a form on the Volver website, among other requirements.

Participation in the contest will be until September 17 and the winner will be chosen by the production. The winner will win a round trip ticket from the province where they are, to the province of the loved one they want to see.
